LinkedIn | E-Portfolio
Doha, Qatar

PYP homeroom teacher experienced in inquiry-based learning, with a track record of raising academic standards through targeted student support and school-wide initiatives. Former PYP math coordinator. Designs concept-based, transdisciplinary units, guides students through the Exhibition, and works with colleagues on collaborative planning, moderation, and IB evaluation readiness. As an **IBEN Workshop Leader** and **CIS Evaluator**, uses standards and school initiatives as levers for academic achievement, wellbeing, and system-wide improvement.

Education

M.Ed. in Education Management
Ulster University (Qatar campus)
2024 – 2026 | Doha, Qatar
Dissertation: external accreditation as a tool for school improvement.

Professional Experience

Grade 5 PYP Homeroom Teacher, *Qatar Foundation* ↗
August 2026 – present | Doha, Qatar
- Deliver concept-based, inquiry-driven learning across the Primary Years Programme, teaching units of inquiry, language, and writing.
- Drive literacy development through targeted interventions and differentiated instruction, including leveled RWI Fresh Start groups and individualized language support, to close achievement gaps for students with diverse academic and behavioral needs.
- Prepare students for the PYP Exhibition, guiding them through the culminating inquiry of the program.
- Serve on the response team for the school's academic action plans and contribute to school-wide initiatives beyond the classroom.
- Support preparation for external evaluation and accreditation (IB and CIS), aligning practice with the IB Programme Standards and Practices.
- Represent teachers' voice in leadership decisions as a member of the Teachers' Forum.

PYP Homeroom Teacher & Math Coordinator, *Arab International Academy* ↗
August 2023 – June 2026 | Doha, Qatar

As PYP Math Coordinator
- Led curriculum alignment and vertical progression to build conceptual coherence across grades.
- Facilitated collaborative planning and assessment moderation for consistent, progressive evaluation of understanding.
- Supported teachers in designing inquiry-based mathematics integrated within PYP units, and guided reflective dialogue on the math continuum and student agency.
- Worked with the leadership team to strengthen ATL integration, transdisciplinary connections, and visible thinking.

As PYP Homeroom Teacher, Grades 4 and 5
- Designed inquiry-based, transdisciplinary learning aimed at conceptual understanding, Learner Profile attributes, and ATL skills.
- Used assessment data to drive instruction and close skill gaps, exceeding projected MAP growth.
- Guided students through the PYP Exhibition, with an emphasis on research, reflection, and presentation.
- Led professional development and contributed to the IB evaluation visit and school-wide initiatives.

Grade 5 PYP Homeroom Teacher, *Al-Hayat International School* ↗
August 2022 – August 2023 | Aramoun, Lebanon
- Facilitated transdisciplinary units and promoted student voice and choice within the classroom and beyond.
- Supported students in preparing for the PYP Exhibition and contributed to IB evaluation visit preparations.
- Served on the school activities committee and wider community initiatives; received a certificate of recognition for service to the school community.

Research Intern, *TAMAM Project, American University of Beirut* ↗
June 2023 – June 2024 | Remote
Conducted literature reviews, summarized findings, and transcribed interviews to support education research on school improvement.

PYP Student Teacher, *International College* ↗
January 2020 – May 2021 | Beirut, Lebanon
- Observed and co-taught in Grades 3 and 5, engaging in reflective practice with mentors.
- Designed and taught concept-based lessons and unit plans in math, language, and units of inquiry, with authentic assessment tied to real-life contexts.
